The World's Best Creations

Chesley Avenue, Hamilton

Baltimore, Maryland

Foreign Plant Material

During the past few years we have been gathering seeds from every available source for experimental purposes, covering every section of the globe for material which would add both beauty and novelty to our perennial garden and rockery. It is our purpose to list only those which we have found, through experience, would be sufficiently hardy to enable them to withstand the climatic conditions of this country.

These plants will be listed in our general catalog as soon as we can determine their qualifications to a fitting place in our home garden.

BERWICK GARDENS

Planting Time

Questions are often asked as to the proper planting time.

This depends entirely upon the material to be planted.

Many rock plants do considerably better if planted in the fall. As the greater portion of these plants bloom in the spring and early summer, losses occur on account of lateness in spring planting which leaves an unsightly spot in the rockery or border. Weather conditions in the fall are usually more favorable. A little covering of dry, clean straw is an excellent material for winter protection.

Following are a few planting suggestions:

Alpine and Herbaceous Plants from September 1st to November. Roses from October 15th until December. Peonies, German and Japanese Iris, from September 15th until frost. Oriental Poppies from August 15th until October 15th. Dutch Bulbs from October 1st until ground is frozen. Lillies immediately upon receipt of shipment. It is always well to remember that the most suitable time for transplanting any hardy plant is during their dormant period, which usually occurs about the middle part of September, or immediately after the warmest and driest days of the summer are over. This material can be divided and transplanted just prior to making its new fall growth.

Light frosts in the early fall are no hindrance but rather helpful, and a continuation of your garden work is advised.

All plants listed in our Catalog are from three-inch pots. Prices on Field Grown Clumps will be given upon request.

General List of Herbaceous and Alpine Plants

F	er 12
ACHILLEA—Ptarmica. The Pearl. Pure white, double flowers during summer	\$2.00
Tomentosa. 6 to 8 inches. July to September. Bright yellow flowers. Fine for the rockery	2.50
AJUGA REPTANS—Rubra. 3 to 4 feet; deep purplish-blue flowers in May	2.50
ALLWOODI CARNATION. Hardy. Mixed	3.00
ALYSSUM—Saxitile Compactum. Broad masses of bright yellow flowers in early spring. An excellent plant for the rockery or border	2.50
AMSONIA—Tabernaemontana. Flowers late in May and early June, producing numerous flowers of light blue in panicles, on two to three-foot stems. Fine for the hardy border or planted among shrubbery	3.50
ANCHUSA—Dropmore. Tall spikes of beautiful blue flowers in June	2.50
Myosotidiflora. A distinct dwarf perennial from Russia, with clusters of charming blue flowers resembling forget-menots. An effective rock plant.	3.00
ANEMONE—Pulsatilla. Grows from 9 to 12 inches high and produces violet or purple flowers during April and May. An interesting plant for the rockery	2.50
border. Large open flowers of pure white, flushed violet on outside. Easily grown in rich vegetable soil in full sun Mixed colors	3.50 2.50
AQUILGIA—Canadensis. Common Columbine, scarlet and yellow.	2.50
Mrs. Scott Smith's Long-Spurred Hybrids. Mixed colors. Best strains, mixed	.3.50 2.50
ANTHEONEMA—Persicum. A very good rock plant. Flowers rosy pink on slender spikes	3.50
ANTHEMIS—Tinctora. Very showy. Finely cut foliage, bearing large golden yellow flowers which bloom all summer	2.50
ARABIS—Alpina. Rock Cress. Pure white flowers produced in dense masses. Splendid for border or rockery	2.00

	· F	er 12
	Grandis. Flowers are bell-shaped, wide open, and are three inches across, borne on a willowy stalk growing directly from a stalk for a length of twenty inches. Blooms during July and August	2.50
	Glomerata Superba. Blooms are produced on the end of the stalks and are in the shape of an elongated bell. Color, deep blue. Will do well in any position, but prefers a situation from the afternoon sun. Blooms during July and August	2.50
	Rotundifolia. Scotch Blue Bells	2.50
С	ERASTIUM—Tomentosum. A low-growing plant having silvery white foliage and producing an abundance of snowwhite flowers in May. Especially suitable for the rockery	2.50
C	HRYSANTHEMUM—Maximum (Shasta Daisy). Handsome plant, with large glistening white blossoms in June and July.	2.00
	Coreanum (Korean Chrysanthemum). A remarkable new perennial from Korea. White flowers with golden center. October until frost	2.50
D	IANTHUS—Alpinus—Allwoodi. One of the loveliest of all rockery pinks. Glossy leaves and large flowers of all shades of rose and pink on four-inch stems. Does best in light, loamy soil, limed. This is a gem for the rockery	3.50
	Arenarius. This pink loves a sandy soil in the sun. Flowers white with carmine ring, on 5-inch stems, deeply fringed and fragrant.	2.50
	Barbatus (Sweet William). Pink Beauty. Delicate pink	2.00
	Caesius Splendins (Chedar Pink). A splendid rock plant and one of the finest of all hardy perennials. Foliage is grass-like and very compact. Rosy pink flowers are produced in great profusion. Height, 8 inches	2.50
	Cyclops. Single perpetual flowering. Various colors with blood-red eye. A very exquisite variety. Blooms from June until August. Height, 8 inches	2.50
	Deltoides (Maiden Pink). A beautiful little prostrate plant with narrow leaves, and bearing a profusion of small crimson flowers during June and July. A good variety for the rockery.	2.50
	Knappi. A dainty species producing slender stems which bear clusters of small yellow blossoms. This is an unique Dianthus as it is the only species which produces yellow flowers. Give it a high, dry, sunny place in the rock garden	3.50
	Maj. Stern's Variety. Bright crimson. Dark foliage. Height, 8 inches.	2.50
	Neglectus. One of the loveliest new English garden varieties. Grows about four inches high, completely covered with carmine-pink flowers. In Europe it is considered one of the choicest Pinks for the rockery. Stocks of this variety very	9 70
	limited	3.50

	er 12
INULA GRANDIFLORA—Gold Marguerite. Flowers are of golden yellow, five inches across. Excellent for cutting	2.50
IRIS-Kaempferi (Japanese Iris). Mixed	3.50
Dwarf. Mixed	2.50
German. Mixed	2.50
LATHYRUS—Hardy Sweet Pea. Pink Beauty; clumps	.50
LAVENDULA—Vera. Lavender, fragrant blue flowers	2.50
LEONTOPODIUM—Alpinum (Edelweiss). A well-known Alpine with pretty white silvery leaves. Starlight heads clothed with a dense white, woolly substance. Fine for the rockery	3.50
LIATRIS—Pycnostachya (Blazing Star). Nothing can be planted that will attract more attention on account of its unusual appearance—beautiful as well as odd	2.50
LINUM—Alpinum. A rare species from abroad; of prostrate growth with showers of pale blue blossoms throughout the summer	2.50
Perenne. Very attractive, both in foliage and bloom. Flowers beautiful pale blue on slender, graceful stems	2.50
LUNARIA—Biennis (Kermesiana). Of all Lunaries this is by far the most showy. The seed pods, which are round and transparent, showing the seeds inside, are used in bouquets and other decorations. Requires protection over winter	2.50
LYCHINIS—Arkwrightii. Produces in abundance of large brilliantly colored flowers during summer in scarlet and pink shades. Height about 30 inches	2.00
Chalcedonica (Burning Star). Grows to height of two feet and produces fiery, scarlet flowers of most imaginable beauty	2.50
Forrestii. A fine new hardy perennial with tufted grass-like foliage, producing quantities of showy panicles of flowers of bright pink, crimson and white on stout stalks 15 inches high. Fine as a border plant, cutting, or the rockery	3.00
Haageana Hybrida. This is the best of the Lychinis family. Mixed colors	2.50
Viscaria Splendens. Fine hardy border plant, producing in profusion double brilliant red flowers in June and July. 12 inches in height.	2.50
LUPINUS—Polyphyllus Roseus. Flowers of beautifully shaded rose	2.50
MONARDA—Bergamot (Didyma). Cambridge Scarlet. Brilliant crimson-scarlet flowers are produced freely from June until August	2.50
NEPETA—Blue Wonder. Flowers of great size and color of a glorious clear bright blue. Vigorous grower. Suitable for rockeries, as a border plant, or for banks	2.50

	er 12
ONOPORDON—Crachatum. A glorified Scotch Thistle, but much more ornamental	2.50
OENOTHERA—Missouriensis (Evening Primrose). A low species with prostrate, ascending branches. Profuse bloomer. Flowers often four inches across	2.50
Youngi. A strong, stocky, large-leaved plant with firm, shiny foliage. Flowers lemon-yellow on 24-inch stems	2.50
PAPAVER ORIENTALE—Oriental Poppy (Orientale). Tremendous cup-shaped blooms of brightest crimson-scarlet, with large, purplish-black blotches at base of petals	2.50
Orientale (Mrs. Perry). Orange-apricot, and a very fine variety—the best pink	2.50
PENTSTEMON—Barbatus (Pink Beauty). Clear shell pink. A beautiful cut flower	2.50
Diffusus Alba. Long flowers of pure white on spikes about two feet high	2.50
Ovatus. A strong growing variety from the Rocky Mountains. Purplish-blue flowers on stems three feet tall	2.50
Pubescens. Violet flowers, shading to a flesh pink. Excellent for a hot, dry place in the garden; also suitable for the rockery.	2.50
Unilateralis. A beautiful June flowering variety. Opalescent blue. A good plant for the hardy border or for cutting.	2.50
PHLOX SUBULATA—Rosea (Moss or Mountain Pinks.) Rose pink. Suitable for covering banks. Thrives in hot, dry situations. Profuse bloomer	2.50
PLATYCODON—Chinese Bellflower (Grandiflora). Large, showy, deep blue flowers on 20-inch spikes are produced all summer. A splendid plant for the hardy border	2.50 2.50
POLEMONIUM—Richardsoni Coeruleum. Erect stems of	2.00
sky-blue flowers 18 inches high, in June and July. A very fine plant in the sunny border	2.50
Coerulum Prima Donna. Hardy perennial of robust growth, doing well in any kind of soil. Hyacinth-like flowers of delicate, clear blue. Height, 24 inches	2.50
POLYANTHUS—Veris Hybrids. Mixed	3.50
PRUNELLA—Grandiflora. Violet or purple flowers all summer. Fine for the rockery or slightly shaded parts of the hardy border. Succeeds in any soil not excessively dry	2.50
PYRETHRUM—Finest English Mixed. Contains double and single-flowered sorts in many shades of pink, rose and white.	2.00
SALVIA—Azurea (Meadow Sage). A Rocky Mountain species. Grows three to four feet high, producing during August and September pretty, sky-blue flowers in great profusion	2.50

	'er 12
SANTOLINA—Chamaecyparissus. A sweet-smelling, dwarf, evergreen perennial with delicate, silver-white foliage. Useful as rock or border plants. Can also be used as edgings for flower beds or walks	2.50
SAXIFRAGA—Caespitosa. A robust grower about two to six inches high, with dense foliage. Small flowers, white, from June until August. Loves a rich, well-drained but moist soil and very little shade.	4.00
SCABIOSA—Caucasica. Their flowers are a soft shade of lavender, beginning to bloom in June until September; 18-inch stems.	2.50
SEDUM—Acre. Much used for covering graves. Flowers are bright yellow. Prostrate and slow in spreading	2.00
Glaucum. Excellent dwarf variety for rockeries or border edgings. Prostrate and of slow growth	2.50
Spurium Coccineum. A beautiful rosy, crimson-flowered form. July and August. Six inches. Very fast spreading variety. Good for covering sandy banks	2.00
Stoloniferum. Most desirable; evergreen leaves; flowers purplish-pink. July and August. Excellent for the rockery. Six inches.	2.50
SENECIO—Clivorum. Orange-yellow flowers, 3-foot stems	2.50
SEMPERVIVUM — Arachnoideum (Small Cobweb House Leek). Tips of leaves in rosettes usually connected by silvery threads, from whence its common name. Flowers bright red, in few-flowered panicles. Four inches	3.50
Funcki. Green-tipped brownish rosettes produced rapidly in great numbers. A very fine sort to use where a brownish color is desired. Six inches	2.50
Tectorum. Broad rosettes, the leaves having reddish-brown tips. Flowers pale red. One foot. This is the common House Leek of grandmother's garden	2.50
SIDALCEA—Rosy Gem. Erect growing, more or less branchy, producing showy, bright, rose-colored flowers during June and July. Two to three feet	2.50
SILENE—Schafta (Autumn Catchfly). A charming border or rock plant, growing from four to six inches high, with masses of bright pink flowers from July to October	2.00
STATICE DUMOSA. Color lavender. When dry is a clear silvery white. A beautiful branching variety. Height, 20 in	2.50
Latifolia. A valuable plant either for the border or the rockery. Immense heads, frequently 1½ feet high and 2 feet across; of purplish-blue flowers during July and August. Excellent in dried state.	2.50
STOKESIA—Cynea Coerulea Alba. Beautiful white flowers are produced profusely in late summer on 18-inch stems. Fine for cutting	2.50

Pe	er 12
VERBASCUM—Olympicum. This is the showiest of the entire family of more than thirty varieties. Foliage is silvery white, with leaves often three feet long. Yellow flowers produced in quantity for about three weeks during midsummer. Requires a dry situation	2.50
Wayside Garden Hybrids. Mixed	2.50
VESICARIA—Utriculata. A dwarf-growing plant producing abundant quantities of yellow flowers. Seed pods are very attractive. Requires sunny position in light loam	4.00
VITTADENIA—Triloba. Very much like the Erigerons, flowering in July with white and pink blossoms. Excellent for edging or rock garden. Prefers a well-drained, moist soil	4.00

Dahlia Novelties

We are this season combining our Perennial List with our Dahlias and have avoided giving a lengthy description of each variety.
Those herein listed comprise the very latest exhibition novelties.
As our stock is grown for root production you can feel assured that you will be able to obtain the very best of results.
The prices listed are for tubers. Plants may be obtainable at half the price of tubers, excepting those listed at \$1.00.
Aiko (Dahliadel)—Semi-Cactus. Unusually different. Cardinal or deep carmine with silver reverse showing at the center and tips. Plants only
American Legion—Semi-Cactus. One of the most outstanding new varieties. Winner of many awards in 1931. Color is clear, bright yellow
American Triumph—Cactus. Pure Oriental red\$2.50
Andrae Erickson—Informal Decorative. A really pure white dahlia that can be grown to large size
Anna Marie—Hybrid Decorative. Old gold, suffused reddish salmon, tipped white
A. O. Kenny—Decorative. Bronze Buff 5.00
Bagdad—Informal Decorative. Brilliant dazzling red. Will not fade
Champagne—Decorative. Golden champagne, varying to chamoise. 1.00
Champogue—Decorative. Waxy, canary yellow at center, shading to salmon pink. Very good
Chemar's Eureka—Decorative. Good white, sometimes having light lavender cast in center
City of Trenton—Decorative. Rich, glowing tangerine, reverse strawberry red. 2.00
Color Sergeant—Decorative. Rich, deep salmon bronze 2.00
Copper King—Decorative. Copper and yellow, reverse light red
Correct—Cactus. Bright red
Clara M. Haas—Decorative. A refined, delicate pink 2.50
Dorothy Stone—Decorative. Bright, rich pink 5.00
Dwight W. Morrow-Informal Decorative. A beautiful red 10.00
Edgar S. Jackson—Incurved Cactus. Coral salmon, shaded to light pink on outer petals

old gold at base of petals	1.00
Elite Glory—Decorative. Brilliant red	1.00
Eliza London Shepard — Informal Decorative. Clear, rich orange gold	5.00
Ella May—Cactus. Deep rich carmine	1.00
Emily Gass—Decorative. White, with delicate pink suffusion,	2.00
Esther Dean Browning—Semi-Cactus. Clear, shrimp pink	5.00
Florence Klein—Decorative. Salmon orange	3.50
Fort Monmouth—Informal Decorative. Rich, crimson maroon with brilliant wine-red sheen	2.50
Frank Galvin—Decorative. Rich, deep lavender	1.00
Frau O. Bracht—Cactus. Clear, pale primrose	2.50
Frazier—Decorative. Rich red, tipped yellow	3.00
Frank Miller—Decorative. Canary yellow	5.00
Good Night—Informal Decorative. Ox-blood red and maroon.	5.00
Galli Curci—Decorative. Brilliant salmon orange with gold suffusion.	2.00
Golden Sonne—Cactus. Golden yellow, shading to soft salmon rose.	1.50
Grace Curling—Decorative. White at base, then changing to lilac pink and rose	5.00
Grace Ricords—Decorative. White, suffused light lavender pink	2.00
Graf Zeppelin—Decorative. Very good white	4.00
Helen Ivans—Decorative. Orchid lavender	5.00
Ida Perkins—Decorative. Pure white	1.00
Jane Cowl—Decorative. Glistening, bronzy buff, reverse of petals pale flesh	1.00
Jean Keefer—Informal Decorative. Beautiful rose-pink flowers of good size. Winner at many of the large shows	10.00
Jean Trimbee—Straight Cactus. Rich, petunia violet	7.50
Jersey Beacon Ball—Formal Decorative. Geranium scarlet with buff reflex	1.00
Jersey Beacon—Decorative. Chinese scarlet with paler reverse.	1.00
Jersey Beauty—Decorative. Beautiful pink	.75
Jim Moore—Straight Cactus. Primrose yellow, shading to gold, with tints and flushes of salmon	4.00

John Lewis Childs—Decorative. Yellow, suffused, splashed and striped with brilliant scarlet	1.00
Josephine G.—Semi-Cactus. A very bright pink with yellow shading	5.00
Judge Leon McCord—Decorative. Deepest shade of old gold, with reverse of old rose	4.00
Karl Bonawitz—Semi-Cactus. Brilliant velvety carmine	7.50
Kathleen Norris—Decorative. Gigantic rose pink	3.50
Kemp's Violet Wonder—Informal Decorative. Violet purple.	3.00
King Midas—Decorative. Mammoth golden yellow	3.00
Kathryn Charman—Decorative. Rich, bronzy red to golden bronze at center	4.00
King Solomon—Semi-Cactus. Orange buff	1.00
Lady Elizabeth—Cactus. Light gold and pink	1.00
Levina Bromall—Cactus. Brilliant orange	5.00
Lavender Gem—Decorative. Beautiful shades of lavender	2.00
Lillian B. Lee—Cactus. Cream and ivory	4.00
Mabel S. Douglass—Informal Decorative. Pastel lavender	5.00
Margaret Woodrow Wilson—Decorative. Opalescent pink	1.00
Marie—Decorative. Beautiful shade of bright pink	1.50
Mary Ellen—Decorative. Lavender pink	5.00
Meta Scammel—Hybrid Cactus. Pale amaranthe pink	2.00
Monmouth Champion—Decorative. Brilliant Orange flame	4.00
Mrs. Dr. John Petty—Decorative. Massive, deep orange buff.	5.00
Mr. Crowley—Decorative. Bright shade of salmon pink, shading to yellow	1.00
Mrs. Robert Crompton—Decorative. Fascinating blend of cream and salmon	2.00
Myra Howard (Glutzbeck-Dahliadel)—Informal Decorative. Winner American Home Achievement Medal at the New York Show. Color a glowing combination of saffron and gold with tints of salmon. Plants only	7.50
New Glory—Decorative. Light ox-blood red, tipped white	2.50
O Henry—Decorative. Red and gold variegated	2.50
Omar Khyyam—Decorative. Oriental orange and red	7.50
Pop Stewart—Decorative. Lilac pink	1.00
President Hoover—Decorative. Peach red, blending to begonia	1.00
rose	5.00

Pride of Stratford—Decorative. Cadmium orange shading to light orange yellow	1.00
Robert E. Lee—Semi-Cactus. Bright, luminous cardinal red	4.00
Robert Scott—Decorative. Apricot yellow with rose shadings.	.75
Roman Eagle—Decorative. Flaming, brilliant, burnished copper	1.00
Rosa Nell—Decorative. Clear, bright rose	.75
Sir John Carling—Decorative. Begonia rose	2.50
Salem Pride—Decorative. Rhodamine purple, streaked with white, and white tips	2.50
Sanhican's Beauty—Decorative. Coloring similar to that of Mme. Edourd Herriot rose	1.00
Star of Bethlehem—Semi-Cactus. Very large white	3.50
Sollux—Decorative. Large yellow	4.00
The World—Decorative. Rosy Magenta and silver	2.50
The Lemonade—Decorative. Large primrose yellow	1.00
Thomas A. Edison—Decorative. Royal purple	5.00
Topaz—Decorative. Cream and amber with tints of sunsent pink	2.50
Treasure Island—Decorative. Bright apricot with gold suffusion	2.50
Watchung Sunrise—Decorative. Gold, suffused pink	2.00
Watchung Wonder—Decorative. Royal red with touch of gold in center	3.50
William H. Hogan—Decorative. Garnet red with white tips	2.00
